

Mt. 1:21 And she shall bring forth a son, and thou shalt call his name JESUS: for he shall save his people from their sins.

Wow, Wow, Wow! What a year! This has definitely been one to go down in history. The wonderful thing is, our God is still the same! He isn't defected or diffused or displaced, Hallelujah- He is right where He has been all along! Aren't you glad He never changes?

We have seen some changes this year, but by the grace of our Lord, we are still on track and serving, and loving it. Since our last newsletter, God has taken us a little different direction and started doing a public gospel outreach in America. We started out back in October to Tn. and moved up to Ky., then over to Mo., back down into Ms., making our way back home through Ala., Ga. & SC., working all along the way with churches to reach out to their local areas with the gospel in a public venue. Everything from handing out fliers at traffic lights, to broadcasting the gospel preaching and singing over our PA system, to street preaching wherever we can. And doing it all through the local church and pastor. It has been a great blessing for God to supply the resources to be able to do this outreach. It has proven effective as well. We have had many responses to our efforts, mostly positive. God saved 1 man in Ky and others have committed to a deeper searching and considering of our Saviour. We have also seen many of our brethren, God's people, encouraged and strengthened to do more themselves to get the gospel out. It seems with all the oppression of our society now with Covid-19 and a rigged election and a general God hating tone in our country, that many of God's people are being affected by it. God has also used this outreach to "strengthen the brethren" along the way. We are so thankful for the support of the local churches we have encountered and also to the Still Waters Christian Boarding School in Union, Ms. for all the help while we were there. Now, we are grateful to be heading to Texas in January to do the same there and reach as many as we can along the way ending up back in Florida in February. We want to see America turn from her wickedness & get to God. The only way for this to happen is if we get the gospel to our nation.

What a Blessed Assurance

To know we have a God who loves us so much, that He would come to this earth, adorned with a robe of flesh and sacrifice Himself for the sin of all mankind—Oh what a SAVIOUR! Man's number one need is to get rid of his sin, for all have sinned and come short of the glory of God. Problem is, he has no where & no means of disposing of it. He can't redeem himself, even though many have the greatest of intentions of doing so. It just isn't possible. For God to allow sinful man to redeem himself, God would have to lower His Holiness, & therefore cease to be Holy. Then He would be in the same predicament. If someone is in a ditch, you don't back off into the same ditch to get them out, but you throw them a lifeline. God has never backed off into our sinful ditch, but threw a lifeline when He came as a *sinless* man! The Holiness of God says, "Sin MUST be paid for." But the Grace of God says, "I love them and will forgive them." So how do you reconcile these two? The Word of God, which He honors above His Name became flesh, a "vale" between God & man, JESUS. Now He pays for the sin in His flesh thereby satisfying the Holiness of God—Hallelujah to HIS NAME, Payment has been made in full! That's why it's so imperative we receive His payment, not ours, for sin. His pays for it, ours won't.

—Bro. Orange

Thank you to all of our supporting churches! Your support is invaluable to us. We are so thankful for your monetary support, but also for your **prayer** support! **Your prayers are imperative.** So please don't stop praying for us.

PRAYER REQUESTS.....

We are planning on getting into Texas in the coming weeks so please pray we can reach sinners with the gospel and encourage God's people along the way as well. There have been many expenses with the bus in the past several weeks, so please help us pray God will meet the needs, financially and mechanically. Finding parts and then someone to put them on is always a major challenge. Help us pray that our meetings don't get cancelled due to Covid-19. We are trusting the Lord to meet our needs in many ways, but we WANT TO SERVE.
